DETAILED ACTION

Applicant's amendment dated 06/08/2006 has been received and entered. By the amendment, claims 1, 3-15, 17-18 are now pending in the application.

1. Claims 1, 3-15 and 17-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

None of the prior art of record discloses or suggests alone or in combination that an LCD module comprising a combination of various elements as claimed more specifically the control printed circuit board and the liquid crystal panel being disposed on opposite sites of the first frame (i.e., lower frame) as set forth in claim 1 and 15.

3. This application is in condition for allowance except for the following formal matters:

The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the liquid crystal panel including an upper substrate, a lower substrate and a liquid crystal layer as well as the control printed circuit board and a liquid crystal panel being disposed on opposite sides of the first frame must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
